

**Invensys Process Systems
LifeTime Learning Services**

SCHEDULE-AT-A-GLANCE

January - December 2009

		Fee per participant		January				February				March					April				May				June				July				August				September				October				November				December												
		(US\$)	Duration	5	12	19	26	2	9	16	23	2	9	16	23	30	6	13	20	27	4	11	18	25	1	8	15	22	29	6	13	20	27	3	10	17	24	31	7	14	21	28	5	12	19	26	2	9	16	23	30	7	14	21	28						
Process Systems	Foxboro I/A - UNIX																																																												
	#2200 Equipment Maintenance (UNIX)	2,800	5																																																										
	#2210 System & Software Maintenance (UNIX)	2,800	5																																																										
	SYS1 Introduction To Configuration (UNIX)	5,400	10																																																										
	#2001 Configuration Essentials (UNIX)	2,800	5																																																										
	#2020 Utilities for Improved Effectiveness (UNIX) - On Demand	2,500	5																																																										
	#2400 Unix Software Technologies (UNIX) - On Demand	2,800	5																																																										
	#2410 50 Series System Administration (UNIX) - On Demand	2,500	5																																																										
	Foxboro I/A - NT/XP																																																												
	#2000 Introduction To Configuration (NT/XP)	5,200	10																																																										
	#2100 Integrated Process Control (NT/UNIX)	5,200	10																																																										
	#2612 I/A Series Configuration Components (IACC)	2,600	5																																																										
	#2101 Continuous Control (NT/XP - ICC or IACC)	2,600	5																																																										
	#2102 Sequence Control and Ladder Logic - (NT/XP - ICC or IACC)	2,600	5																																																										
	Foxboro I/A Advanced Troubleshooting																																																												
	#IPS01 Alliance Part 1 (Internal) - On Demand	2,500	5																																																										
	Foxboro A2 Automation System																																																												
	#3001 Configuration Essentials	1,850	5																																																										
Foxboro I/A Version 8 System																																																													
#2001 V8 Configuration Essentials (XP - ICC or IACC)	2,600	5																																																											
#2200 V8 Equipment Maintenance (XP - (ICC or IACC)	2,600	5																																																											
#2210 V8 System & Software Maintenance (XP - ICC or IACC)	2,600	5																																																											
#2700 V8 Management Overview on V8	1,820	3																																																											
Triconex Tricon																																																													
#8901 Tricon Basic Maintenance	1,450	2																																																											
#8902 Tricon/TriStation 1131 Comprehensive	2,600	5																																																											
Triconex Trident																																																													
#8905 Trident/TriStation 1131 Maintenance	1,750	3																																																											
#8906 Trident/TriStation 1131 Comprehensive	2,600	5																																																											

Notes:

- All courses are conducted in Invensys Process Systems (S) Pte Ltd (IPS) at 15, Changi Business Park Central 1.
- Please call Invensys Process Systems Customer Satisfaction Center at +65-6829 8899 for further information.
- Invensys reserves the right to cancel, postpone or change dates of the training courses. Please contact training dept (+65-6829 8816/8228) for the latest information.
- Class will commence once we have four (4) or more confirmed (with Purchase Order) participants.
- Invensys reserves the right to revise the courses fee.
- Fix Dates to be conducted for less than 4 participants for Course #2200V8 and Course #2102.
