Invensys Process Systems @ IPS Thailand
LifeTime Learning Services

SCHEDULE-AT-A-GLANCE

January - December 2009

				Duration	January				February				March					April				May				June					July				August					September				October					November					December			
					5	12	19	26	2	9	16	23	2	9	16	23	30	6	13	20	27	4	11	18	25	1	8	15	22	29	6	13	20	27	3	10	17	24	31	7	14	21	28	5	12	19	28	2	9	16	23	30	7	14	21	28
Process Systems		Foxboro I/A - UNIX																																																						
	#2200	Equipment Maintenance (UNIX)		5																																																	
	#2210	System & Software Maintenance (UNIX)		5																																																	
	SYS1	Introduction To Configuration (UNIX)		10																																																
	#2001	Configuration Essentials (UNIX)		5																																																
	#2020	Utilities for Improved Effectiveness (UNIX) - On Demand		5																																																
	#2400	Unix Software Technologies (UNIX) - On Demand		5																																															
	#2410	50 Series System Administration (UNIX) - On Demand		5																																															
		Foxboro I/A - NT/XP																																																		
	#2000	Introduction To Configuration (NT/XP)		10																																															
	#2100	Integrated Process Control (NT/UNIX)		10																																															
	#2612	I/A Series Configuration Components (IACC)		5																																															
	#2101	Continuous Control (NT/XP - ICC or IACC)		5																																															
	#2102	Sequence Control and Ladder Logic - (NT/XP - ICC or IACC)		5																																															
		Foxboro A2 Automation System																																																		
	#3001	Configuration Essentials		5																																																
		Foxboro I/A Version 8 System																																																		
	#2001 V8	Configuration Essentials (XP - ICC or IACC)		5																																															
	#2200 V8	Equipment Maintenance (XP - (ICC or IACC)		5																																															
	#2210 V8	System & Software Maintenance (XP - ICC or IACC)		5																																															
	#2700 V8	Management Overview on V8		3																																															
Process Safety		Triconex Tricon																																																	
	#8901	Tricon Basic Maintenance		2																																															
	#8902	Tricon/TriStation 1131 Comprehensive		5																																															
		Triconex Trident																																																		
	#8905	Trident/TriStation 1131 Maintenance		3																																															
	#8906	Trident/TriStation 1131 Comprehensive		5																																															

Notes:

1- All courses are conducted in Invensys Process Systems (Thailand), Thailand office

2- Please call Invensys Process Systems Customer Satisfaction Center at +66-38 608-745 for further information.

3- Invensys reserves the right to cancel, postpone or change dates of the training courses. Please contact training dept +66-38 608-745 ext 201 Mr. Anucha for the latest information.

4- Class will commence once we have four (4) or more confirmed (with Purchase Order) participants.

5- Invensys reserves the right to revise the courses fee.

6- Fix Dates to be conducted for less then 4 participants for Course #2200V8 and Course #2102.
